## Tracts with Low Self-Response Rates

Find the following information in the table below:

1. The 2020 Census tract number, the county in which this tract is located, and the nearest city/place to that Census tract (*note: some tracts have been displayed with an enlarged point to be viewable at the regional scale*)
2. The self-response rate of this tract to date
3. The "hard-to-survey" populations contributing to a potentially lower response rate for that tract as identified by the Census Bureau
4. The 2020 Census outreach and education coalition partners located nearest to that tract and any other helpful demographic geographic characteristics that may facilitate targeted outreach

## Additional

The following tracts exhibit low response rates but also contain schools, military bases and other facilities whose residents will be enumerated via the Group Quarters or other Census operations, so targeted outreach within these tracts may not be as effective as in other tracts with low response rates.

Tract	County	Nearest City/Place
53.03	King	Seattle
53.04	King	Seattle
53.05	King	Seattle
53.07	King	Seattle
